*It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

His plane is caught in a violent lighting storm and it looks like they are going down when suddenly the plane lands and it s a bright sunny day in Hawai i. Our hero meets a new friend, a being from somewhere out in the universe, who is to become his teacher. Arcee thinks maybe he s having a near-death experience, but not this time. They explore controversial topics such as near-death experience, deja vu, past life, parallel realities, and even suicide. Arcee learns about global warming and resource depletion and who s causing it. He also learns how people could save the Earth if they wanted too.
