Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Old Miracle Plays of England In the of bringing the actual presentment of Medieval Miracle Plays more vividly before the minds of children, I have cast information concerning them into the form of a story. But, while this method of dealing with the plays may prove to the childish reader more interesting and palatable than a mere summary of what is known concerning them, it leads to certain liberties difficult to avoid in fiction. It seemed, to take an example, in some ways more convenient to lay the scene of the little story in York. Yet many of the Wakefield and Coventry plays lend themselves to description better than those of the York series. However, when in the course of the tale I have made use of an alien play, I have taken care to mention the fact, and to invent a reason (plausible enough, I trust, in a story) for its performance at York. Again, the stage directions for some of these old plays are so vague that the precise manner of their presentment must be left to individual imagination and common sense.
