HarperCollins India, New Delhi, 2011. Soft cover. Book Condition: New. Gift in Green, written originally in Malayalam, is a tantalizingly unconventional narrative that explores, on multiple levels, the pain and poetry that eventuate from the disruption of the intimate relationship between a people and their life-world, using water (the `water-life` of the people of Aathi) as the overarching metaphor that mirrors the degradation of the society. Between the polarities of attachment and abandonment, darkness and light, predatory progress and the sheer will to survive, unfolds the saga of a people confronted by the behemoth of progress driven by Kumaran, who seeks to abandon water-life, threatening its very existence. But such is the author`s faith in the resilience of life and nature and her belief in the futility of trying to control something as fluid and eternal as water-life that what promises to be the end is also the hope of a new beginning. Page Extent: 384.
