Skyhorse. 1 Paperback(s), 2014. soft. Book Condition: New. First appearing in a 1913 collection from Popular Mechanics Press (hence the none-too-subtle gender discrimination in the title), the projects in this handbook (for boys and girls 12 and up, as well as nostalgic adults) range from making a box kite, carving a boomerang, and building an igloo to cobbling together homemade roller skates, designing a working catapult, and building a ribbed canoe. Rather than exact step-by-step instructions, these 200 projects are presented as articles by contributors, with black and white drawings and important tips for construction or use, while the rest is left to the builder to apply his own skills and know-how. 187.
