

## On-Demand Supply Management: World Class Strategies, Practices and Technology (Hardback)

---

By Douglas Smock, Robert Rudzki, Stephen Rogers

J Ross Publishing, United States, 2007. Hardback. Book Condition: New. 226 x 157 mm. Language: English . Brand New Book. Technology offerings for supply management are changing rapidly. To outpace the competition, today's firms must be able to understand and implement the latest advances. This book explains how to incorporate the use of supply management technology into advanced sourcing practices to produce significant competitive advantage. On-Demand Supply Management offers new tools and advice to facilitate the internal technology debate between procurement, IT and finance executives to enable faster adoption of the correct strategies and tools to lower procurement costs and improve bottom-line results. It also provides a practitioner's view of decision-making processes and adoption challenges that come with constantly evolving technologies. The authors examine IT investment (including make or buy), training, supplier relationship management, corporate governance issues (including Sarbanes-Oxley) and which metrics must be in place for success. This book is a must read for anyone involved in procurement and supply management, and for executives in finance, information technology, manufacturing and RD. Key Features Discusses the correct strategies for electronic technologies, on-demand processes, improving supplier management, continuous sourcing, and collaboration with internal stakeholders Explores the potential role of several new software...

### Reviews

*The publication is great and fantastic. It can be filled with knowledge and wisdom You wont truly feel monotony at at any moment of your time (that's what catalogues are for about if you ask me).*

*-- Dr. Marcos Grimes III*

*This published book is wonderful. It is really simplified but unexpected situations within the fifty percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

*-- Dr. Janis Reilly*
