It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

INSPIRED BY NATURE: THE GARFIELD PARK CONSERVATORY AND CHICAGO S WEST SIDE (PAPERBACK)

Garfield Park Conservatory Alliance, United States, 2008. Paperback. Book Condition: New. American and Us.. 251 x 198 mm. Language: English . Brand New Book. One of the nation s most stunning and intriguing botanical havens, the Garfield Park Conservatory will celebrate its one-hundredth anniversary in 2008. Often referred to as landscape art under glass, Jens Jensen s revolutionary design is a poetic interpretation of his beloved Midwestern landscape as it was in prehistoric times. The tropical plantings, water features, and stonework were in shocking contrast to the showy displays of typical Victorian hothouses, and his Conservatory quickly became one of the region s most captivating attractions. The Conservatory is also at the center of a larger story: how nature, urban design, and horticulture helped to shape one of Chicago s most interesting neighborhoods. As early as the 1870s, architect and engineer William Le Baron Jenney began the verdant tradition of Chicago s West Side by designing its seminal park and boulevard system. Today gardening and the greening movement are a catalyst for reviving this vital part of Chicago. Published in honor of the centennial, Inspired by Nature blossoms into a living history that looks to the future and covers everything from the history of the conservatory and Garfield Park to the revival of the surrounding community. Along with historical essays, archival photography and plans, as well as contemporary color photography by Brook Collins, Inspired by Nature also features vignettes by Chicago Public School students who write about their experiences as members of the Garfield Park Community. A reflection of the passionate interest and partnerships behind the Garfield Park revival, as well as a celebration of nature s important role in people s lives, Inspired by Nature is an essential publication for anyone with an interest in Chicago history, urban parks...
