

Control devices and operating systems (1000MW thermal power generating units of training materials)

Filesize: 9.02 MB

Reviews

This book is really gripping and interesting. Of course, it is actually perform, still an interesting and amazing literature. You will not truly feel monotony at whenever you want of your time (that's what catalogues are for concerning when you request me).

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 411 Publisher: China Power Pub. Date :2011-08-01 version 1. Man Beat. Pan Jie Wang is the editor of the book series of training materials 1000MW thermal power generating units of the control equipment systems and run volumes. The book comprehensively describes the type of domestic import 1000MW ultra-supercritical power unit of the control equipment and systems theory. structure. operating characteristics and so on. Control equipment systems and run for institute. power plants. power tests. the construction sector and other power generating units in the 1000MW thermal control professional design. installation. commissioning. operation. maintenance technicians and management personnel to read. can be used as on-site production run staff training materials and teaching materials are also available for large-scale thermal power plant thermal control access to professional and technical personnel and related professional college for teachers and students for reference. Contents: Preface Chapter ultra-supercritical power unit and the thermal characteristics of automated ultra-supercritical power unit outlined in Section II the characteristics of ultra-supercritical thermal power unit features automated content and the first chapter Ovation System Overview Ovation Ovation system overview section. Section III system features a power plant 1000MW power unit Ovation Ovation system's network configuration Chapter Overview Section II Section III Fast Ethernet switch plant control networks and field bus section Section II outlines four chapters Ovation Ovation controller hardware controller functions Section IV Ovation Ovation controller using the controller cabinet Chapter V Ovation Ovation control input-output subsystem Section Overview Section two analog input modules RTD input module III IV V analog output module input module contact digital output module Section VI Section VII Section VIII link controller module LC Chapter SOE module in chronological order Section I...
