BookPod, United States, 2015. Paperback. Book Condition: New. 210 x 148 mm. Language: English . Brand New Book ***** Print on Demand *****.When Jenni Townsend knew she was getting closer to the average age of menopause, she started to organise a party to celebrate its arrival. Yoo Hoo, she chortled. I m fifty and free from that natural part of my life. When Ms Menopause knocked at her door, what Jenni actually encountered was everything but a celebration. The invitations to her party are still collecting cobwebs and dust as they still linger to be handed out. Why, in the 21st Century, is Ms Menopause still being allowed to bully and dissolve women through the next natural part of their lives, to the point of disappearance? Not only does Ms Menopause bully the menopausal woman, she affects family, loved ones, and finances. She will chew away at hormones and the essence of a woman until she becomes a shadow of who she was. Why does the medical community see fit to toss HRT and other synthetic medications at the menopausal woman, when the Medical Community is fully aware they create dangerous side-effects and cause illnesses to the women who are given them as options? Why isn t the medical community giving the menopausal woman all the options in a transparent manner, including BHRT-Bio-identical hormone replacement. As an intelligent woman she can then make informed choices. Join Jenni as she enters menopause - this next natural stage of her life - with a gigantic bag of ignorance, and finds herself having to stand firmly against the medical world and society s flippant attitude towards the menopausal woman. Walk with Jenni on her harrowing quest to ensure every menopausal woman has the truth and knowledge in hand, and that every menopausal woman...
