At the professional front, the accuracy of the message to be shared becomes all the more important as the business decisions may depend on the same. This book, in its second edition, continues to detail on the prerequisites of communicating effectively in the corporate environment and generally. Beginning with an overview of business communication, the book educates on the principles of communication oral and written. The book teaches how to write effective letters and prepare persuasive resumes. The chapters are well-supported with many examples and illustrative exhibits wherever required. A new chapter (Chapter 9) has been added titled *Writing to Communicate* which presents incorrect use of language and phrases that rob the text, be it a report or a letter, of authenticity and credibility.
