This is an old fairytale about the little hen who saved the world. A fairy tale is a type of short story that typically features European folkloric fantasy characters, such as fairies, goblins, elves, trolls, dwarves, giants, witches, mermaids, or gnomes, and usually magic or enchantments. Fairy tales may be distinguished from other folk narratives such as legends (which generally involve belief in the veracity of the events described) and explicitly moral tales, including beast fables. In less technical contexts, the term is also used to describe something blessed with unusual happiness, as in fairy tale ending (a happy ending) or fairy tale romance (though not all fairy tales end happily). Colloquially, a fairy tale or fairy story can also mean any farfetched story or tall tale; its used especially of any story that not only isnt true, but couldnt possibly be true. In cultures where demons and witches are perceived as real, fairy tales may merge into legends, where the narrative is perceived both by teller and hearers as being grounded in historical truth. However, unlike legends and epics, they usually do not contain more than superficial references to religion and actual places, people, and events; they take place once upon a time rather than in actual times. Fairy tales are found in oral and in literary form. The history of the fairy tale is particularly difficult to trace because only the literary forms can survive. Still, the evidence of literary works at least indicates that fairy tales have existed for thousands of years, although not perhaps recognized as a genre; the name fairy tale was first ascribed to them by Madame dAulnoy in the late 17th...
