ABITUR

Alphascript Publishing Feb 2010, 2010. Taschenbuch. Book Condition: Neu. 220x150x7 mm. Neuware - Abitur is a designation used in Germany and Finland for final exams that pupils take at the end of their secondary education, usually after 12 or 13 years of schooling (see also for Germany: Abitur after twelve years). The official term in Germany for this certificate of education is Allgemeine Hochschulreife; the contraction Abi is common in colloquial usage. The Zeugnis der Allgemeinen Hochschulreife (often referred to as Abiturzeugnis), issued after candidates have passed their final exams, is the document which contains their grades and which formally enables them to attend university. This means it includes the functions of a school leaving (high school graduation) certificate and a university entrance exam. In 2005, a total of 400,000 students passed the Abitur exam in Germany. Even though the Abitur is often compared to a high school diploma of the United States, the academic level of the Abitur is more comparable to the International Baccalaureate and Advanced Placement tests indeed, the study requirements for the International Baccalaureate differ little from the Finnish exam requirements. 112 pp. Englisch.
