Reviews

This published book is wonderful. It is really simplified but unexpected situations within the fifty percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Parsons Brinckerhoff, a 100-year old engineering firm, brings to this assignment strong technical capabilities, managerial skills, and a successful record in the planning and design of new and rehabilitated marine facilities. Our staff of over 2,000 represents multi-disciplined capabilities and vast experience in all facets of marine engineering, geotechnical engineering, site design, environmental analysis, community participation programs, and full service construction management. Parsons Brinckerhoff has successfully completed design of over 50 new and rehabilitated waterfront facilities nationwide. Our recent and relevant experience here in the Boston area includes On-Shore Pier Facilities for the harbor cleanup program. Castle Island in South Boston, Hoosac Pier, Long Wharf and Gloucester State Fish Pier. In addition. Parsons Brinckerhoff has worked closely with the Authority on the Phase 1 portion of the Navy Yard rehabilitation. As a result of our active participation on the project, we have become thoroughly familiar with the site and have gained a special appreciation of the Authority s goals and objectives for this project. The reconstruction and extension of Pier 3 will create a valuable addition of waterfront open space and will provide an opportunity to expand the recreational facilities under the City s Harborpark Program. The team we have assembled has both the proven talents to develop sound engineering solutions for the pier reconstruction and the special skills to develop the appropriate program for the needed open space and recreational uses of the Pier....
