Brand New Book ***** Print on Demand *****.Herein Part 9, I offer a possible way around the conundrum of the notion of a spiritual and immortal soul, but yet the extreme causal coupling between even the most advanced cognitive and volitional behavior of human persons in this life. I provide a perhaps more scientifically balanced consideration of the immortality of the human soul from the standpoint of being a Catholic physicist which seems to me much more sensible than the ancient Greek or Scholastic approaches of perhaps dated traditional Catholic theological approaches. The living human body is suffuse with electrodynamic and electrochemical activity. Magnetic fields extend out from the human body and can be measured. Electrical potentials are routinely measured along the skin of a living human body. The human brain energy states have a very high correlation with the most advanced cognitive and volitional activity. Thus, the conscious principles of the living human person are strongly coupled with neuro-physical activity. The leads us to a profound question for Catholic spiritual anthropologists. Is the human soul related to the electromagnetic force, and if so, how?...
